1st to 5th placed horses in ECAHO classes are qualified to compete at the so called "Title Shows" (Middle East Championships, European Championships, All Nations Cup and World Championships)

SCORING SYSTEM

1. Methods of judging the classes

Judges judge each class independently from one another and without catalogue according to the following criteria: type, head and neck, body and topline, legs, movement, based on the 20-points-system. The points awarded by the judges will be added and divided by the number of judges.

2. Rules for Ties in Qualifying Places

In the event of a tie the higher place will be given to the horse with the most points for type. If there is still a tie, the higher place will be given to the horse with the most points for movement. Failing a decision on either of these, one judge chosen by ballot will name his preference.

3. Championships

Championships are not given according to the results achieved in the preceding classes. All Championships will be judged independently and comparatively.

Methods and rules for judging Championships

Championships will be judged as follows:

- The horses placed first in their class line up ordered according to age. The horses placed second in their class line up behind them in the same order.
- The first placed horses will be judged individually, standing and trotting.
- The judges will not discuss the horses.
- The Champion is selected from amongst the horses placed first in their class by individual written votes from each judge. The best placed horse will be champion. In the event of a tie, the horse that received the highest number of points in its class will be declared Champion. In the event of a further tie, the "Rules for Ties in Qualifying Places" will apply.
- The Reserve Champion will be selected in the same way as the champion, from all the other horses that have qualified for the championships.

The votes of the judges in the Championships will be announced and will be published at the show office immediately after the judging has finished.

After the Champion and Reserve Champion have been chosen, a third horse will be selected. This third horse will become Reserve Champion in the event of a disqualification of the Champion or Reserve Champion. If the third placed exhibit is not apparent from the voting papers, the judges will be asked to nominate one. In the event that both the Champion and the Reserve Champions are disqualified, no further substitution will be made, apart from the third placed exhibit moving up to be Champion. This third horse will not be announced.

If a horse placed first in its class is not able to take part in the Championship, the horse placed second in the class will move forward and be judged with the other horses placed first. Should a horse placed first be sent out of the ring by the judges for any reason, it will be deemed to have taken part in the championship and, therefore, the second placed horse will not be judged with the other first placed horses. Substitutions for absent first-placed or second-placed horses by third-placed or lower-ranked horses will not be permitted.

All horses that qualify for their respective Championships must take part in the Championship. Willful failure to compete will disqualify the horse from the show, with its record of score and class placing being deleted and the horse being disqualified from showing for the period of one year as from the date of the show. In the event of a disqualification, horses placed behind the disqualified horse will move up a place in the class but not be entitled to enter the Championship.

4. Methods of judging the Non-ECAHO Classes

Classes will be judged comparatively by a three judge system.

The Call Judge shall instruct the Ring Master prior to the start of the class on how he/she intends to run the class. The Call Judge will maintain order of the class through the Ring Master.

All horses entered in the class shall enter the ring, at a trot, one after another, in an anti-clockwise direction and upon completing their circuit line up along the rail and wait until all horses are in the ring.

Once all horses are in the ring, the horses will be walked collectively in an anti-clockwise circular direction using as much of the ring as is deemed necessary.

Whilst the horses are walking, and before beginning individual inspections, the Call Judge shall instruct the Ring Master to call all the exhibits in to a preliminary line up. All horses remain in the show ring.

Each horse will then be called forward for an individual inspection.

Once all entries have been individually judged, final evaluations will be made. Each judge will mark his / her card independently of the other judges.

Al Khalediah 2nd International Arabian Horse Show

The judge shall judge all horses equally and not draw attention to any exhibit's faults.

If a horse appears lame, the Judge may indicate to the exhibitor, through the Ring Master, that he/she considers the horse to be going unevenly and thereby give the exhibitor a chance to withdraw from the class rather than be placed down the line.

The Judge shall be brisk and adapt him/herself to the time available.

The judge shall consider the interest of all the exhibitors, and the method of judging shall be consistent.

Any badly behaved horse or handler can and will be dismissed from the class.

Handlers can only present one horse in this class.

PRESENTATION OF THE HORSE

1. Concerning the **protection of horses and drug abuse**, the rules of ECAHO are fully applicable.

2. **Handlers** must be at least 16 years of age. They must be neatly and appropriately dressed. In the view of the prestigious nature of the competition, the Organiser reserves the right to refuse entry in to the ring of any person wearing unsuitable or casual clothing. They are allowed to wear any costume normally worn in their country of origin but without any advertising on it. The horses have to be presented in leather bridles or light halters. Stallions and colts aged three years and over must be shown wearing suitable bridles with bits.

Artificial Noise is described as (but not limited to) plastic bag shaking, rattle shaking, bottle shaking, hitting of objects with sticks or other instruments. Any **natural** form of stimulation will be allowed. This includes a noise one can make with their own body, for example (and not limited to) yelling, whistling, clapping, cheering.

4. **Respect of Schedule** - The proposed timing of the events will be available to exhibitors from the Organiser's office. The horses will be marshalled by stewards and be in the warm-up ring at least 20 minutes before the start of the event. To avoid any delay in the warm-up ring, each horse should have its own show halter.

5. **Sale Rules** - If a horse is sold between the qualifying classes and the Championships, the new owner will have to prove its purchase with an attestation of the sale signed by the former and the new owner.

48. An exhibitor or his representative may ask the show veterinarian to treat a participating horse, subject to following the procedure detailed in the EAHSC Authorization of "Emergency Treatment" form, signed by the veterinarian and by the exhibitor.

Complaints

49. A show organiser, appointed judge, ring master, exhibitor or owner of a horse entered at the show may lodge a complaint alleging infringement of these rules. Such complaint is to be made in writing before the end of the show. A deposit of € 300,- or equivalent in local currency will be lodged with the DC and may be retained if the complaint is considered frivolous at the DC's discretion. Such forfeiture belongs to ECAHO.

Rules for Ties in Qualifying Places

51. In the event of a tie in the qualifying places of a class there are two methods of resolution:
 - a) The horses with equal scores are to be lined up and the judges will each record their preference without discussing the horses. The higher place will be given to the horse with the most first preferences. If there is an even number of judges and there is still a tie, the tie will be resolved by method "b".
 - b) The higher place will be given to the horse with the most points for type. If there is still a tie, the higher place will be given to the horse with the most points for movement. Failing a decision on either of these, one judge chosen by ballot will name his preference.Method b) may also be used to resolve ties below the qualifying places, if desired. It will be for the show organiser to select either method a) or b) for resolving ties, but the show schedule must contain a clear indication of the method to be used.

Rules for Championships

52. With the exception of shows judged under the single judge system, Championships will be judged as follows:
 - a) The horses placed first in their class line up ordered according to age. The horses placed second in their class line up behind them in the same order.
 - b) The first placed horses will be judged individually, standing and trotting.
 - c) The judges will not discuss the horses.

Al Khalediah 2nd International Arabian Horse Show

d) The Champion is selected from amongst the horses placed first in their class by individual written votes from each judge. The best placed horse will be champion. In the event of a tie, the horse that received the highest number of points in its class will be declared Champion. In the event of a further tie, the "Rules for Ties in Qualifying Places" will apply. The reserve Champion may be chosen according to one of two systems. The organizer may choose between the two following methods, but it must be clearly stated in the schedule which method will be used:

- 1) The Reserve Champion will be selected in the same way as the champion, from all the other horses that have qualified for the championships.
- 2) The Reserve Champion will be selected in the same way as the Champion, from the other first placed horses, plus the horse placed second to the Champion.

The votes of the judges in the Championships will be announced and will be published at the show office immediately after the judging has finished.

53. After the Champion and Reserve Champion have been chosen, a third horse will be selected. This third horse will become Reserve Champion in the event of a disqualification of the Champion or Reserve Champion. If the third placed exhibit is not apparent from the voting papers, the judges will be asked to nominate one. In the event that both the Champion and the Reserve Champions are disqualified, no further substitution will be made, apart from the third placed exhibit moving up to be Champion. This third horse will not be announced.
54. If a horse placed first in its class is not able to take part in the Championship, the horse placed second in the class will move forward and be judged with the other horses placed first. Should a horse placed first be sent out of the ring by the judges for any reason, it will be deemed to have taken part in the championship and, therefore, the second placed horse will not be judged with the other first placed horses. Substitutions for absent first-placed or second-placed horses by third-placed or lower-ranked horses will not be permitted.
55. All horses that qualify for their respective Championships must take part in the Championship. Willful failure to compete will disqualify the horse from the show, with its record of score and class placing being deleted and the horse being disqualified from showing for the period of one year as from the date of the show. In the event of a disqualification, horses placed behind the disqualified horse will move up a place in the class but not be entitled to enter the Championship.

Requirements after the Show

56. The show organizer will communicate the results of the show immediately after the show to the EAHSC (p/o ECAHO Executive Secretary) in one of the following ways:
 - using the ECAHO Show Software (available for download from www.ECAHO.org, "Online Office"), by sending the file called "horses.mdb" by e-mail to the Executive Secretary.
 - using their own software by sending the results as Word.doc or Excel.xls file by email to Executive Secretary.
 - using any other system, the results should be sent by fax to the Executive Secretary.In any case, a printout of the show results as well as the show catalogue and show the schedule have to be sent to the Executive Secretary by normal mail within one month after show.
57. Failure to comply with Rule 56 above may lead to a penalty for the amount of the affiliation fee of the show concerned.
58. The DC will write a report on the show. It will be sent to the EAHSC (p/o ECAHO Executive Secretary) as soon as possible, but not later than one week after the show. It should contain a general description of events of the show, as well as detailed reports on any complaints having been made. It may also contain criticism on any element regarding the show as well as suggestions for improvement.
